

OSCA – Buddy Request Form

For the 2021 trip, we will be accepting “Buddy Requests” for the “Travel Teams” and the “Camp Teams” that your camper has signed up for.

Travel Teams: for travel to and from Space Camp, we divide the campers up into Travel Teams. Each travel team will contain 5-6 campers and will be assigned a chaperone. They will travel as a group and will sit together on our plane flights. This system is designed to allow each chaperone to focus on a small group to ensure that we safely get the campers from the Portland Airport (PDX) to Space Camp in Alabama. Chaperones will receive separate training later this month.

Camp Teams: Space Camp allows us to submit Buddy Requests. We will do our best to make sure that campers are paired up with their requested buddies when assigned to Space Camp teams. Please keep in mind you can only request buddies that are in the same program.

Please fill out the following to make your buddy request:

Campers Name:	
Campers Gender	Male or Female
Campers Program (Circle One):	Space Camp, Space Academy, Advanced Academy, Mach III
